

2026 PLAYBOOK

Brandt

CONEXPO
CON/AGG

BRANDT SHOWCASES NEW EQUIPMENT AT CONEXPO – CON/AGG 2026.

CONEXPO 2026 attendees will see Brandt's North American-built material handlers, hydrovacs, and several all-new heavy haul trailer models—each developed through a collaborative, customer-driven design process.

"All our products are made in response to operator and dealer feedback through our collaborative design process," says Chris Semple, President—Manufactured Products at Brandt. "We are committed to listening to the people who use these machines every single day, so we can turn their challenges and insights into products that deliver real solutions."

Brandt will be at Booth S62557, South Hall, 1st Level and Booth F40070, Festival Grounds. CONEXPO takes place March 3 – 7, 2026, at Las Vegas Convention Center in Las Vegas, NV.

For more on Brandt, visit brandt.ca.

Some of the Brandt equipment featured at CONEXPO include:

C350 Mini Deck Heavy Haul Trailer

H750 West Coast Heavy Haul Trailer

UBF2526 and UBF2224 Tag Trailers

BMH40A, BSH40, BMH60A, and BMH80A Material Handlers (BMH60A on site)

HX090 and HX120 Hydrovacs

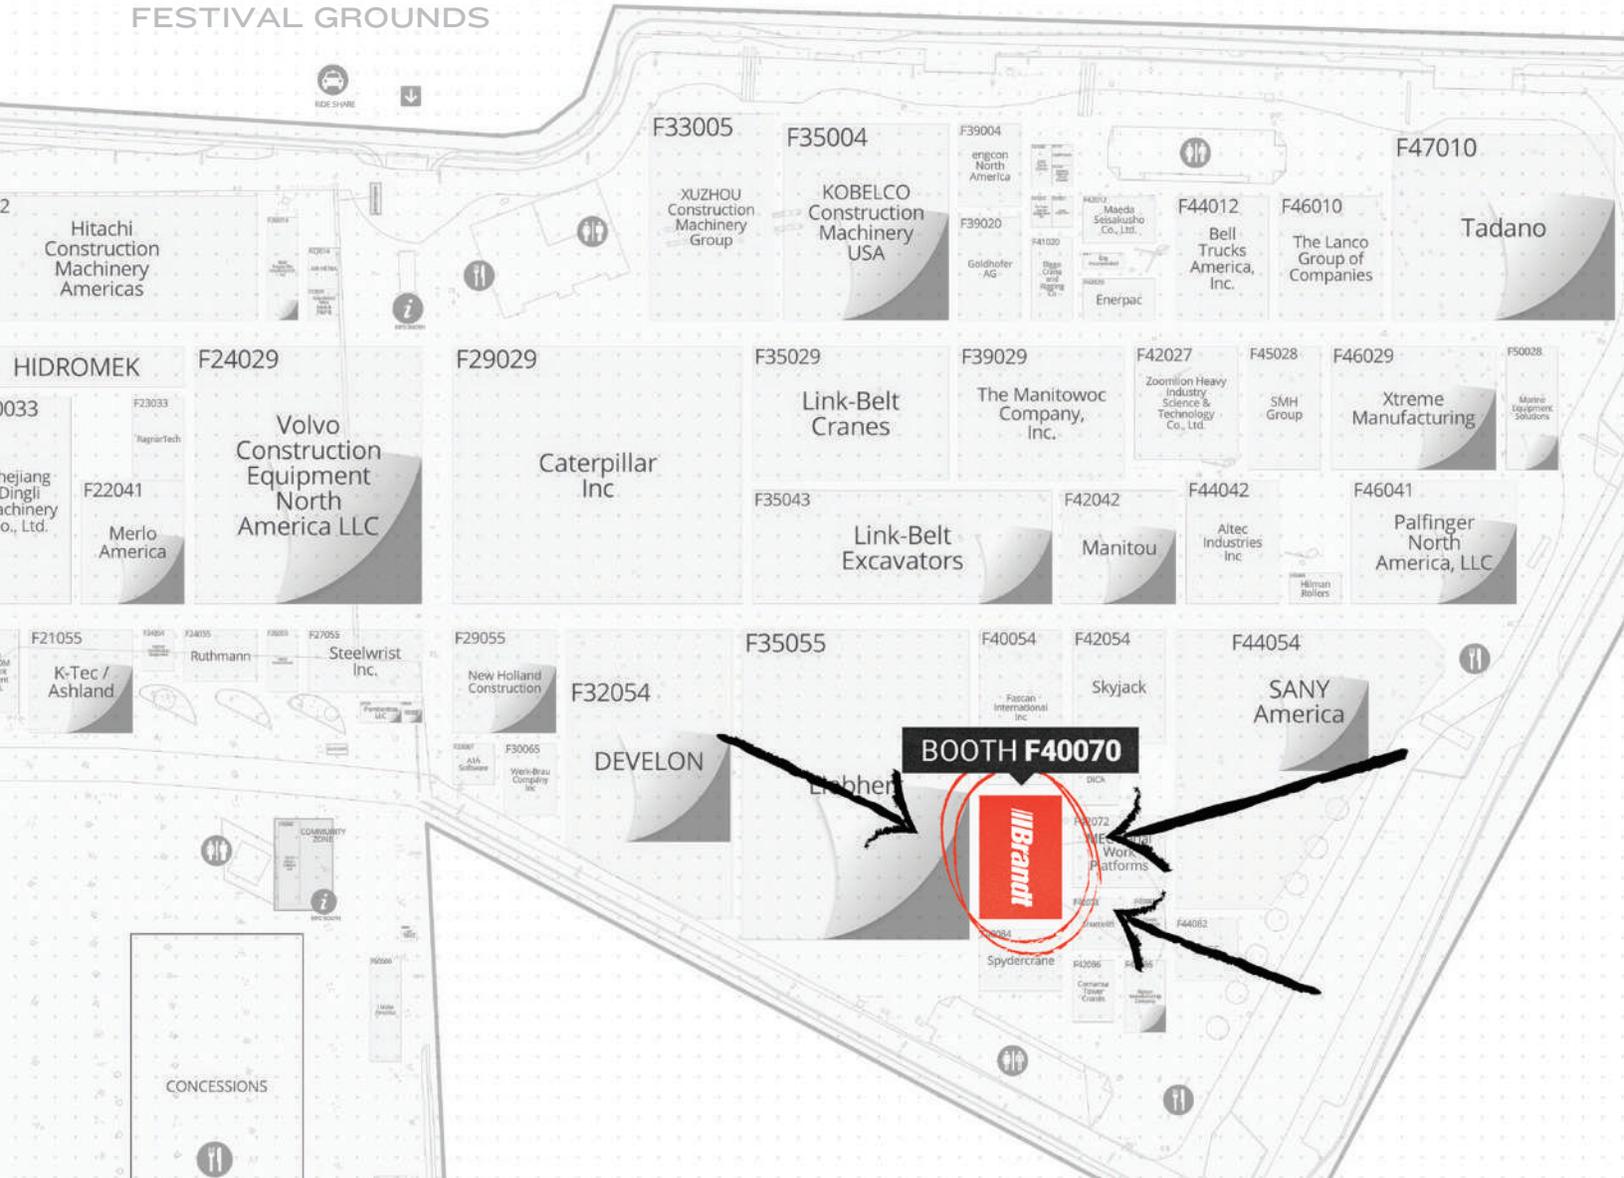

YOUR WORDS AT WORK.

Collaborative Product Design. Industry-leading Innovations.

Our theme for CONEXPO 2026, “Your Words at Work”, reinforces Brandt’s commitment to listening to operators and dealers and transforming their insights into real-world innovations.

Both Brandt booths (Booth S62557, South Hall, 1st Level and Booth F40070, Festival Grounds) will highlight customer feedback and tangible proof of how Brandt equipment is shaped by the people who rely on us.

WHAT'S NEW FROM BRANDT FOR CONEXPO 2026

C350 Mini Deck 35-ton Construction Removable Gooseneck Heavy Haul Trailer has a 12" loaded deck height, convenient coupling with clear visibility to the shim arm, and up to 33'4" of deck well space to enable fast turnarounds, more load flexibility, and the ability to haul more without overweight permits.

H750 West Coast 75-ton Heavy Haul Trailer is purpose built for West Coast applications with specialized axle spacing and suspension configuration to meet the strict permit and weight-distribution requirements of California and western states.

UBF2526 and UBF2224 Tag Trailers have an optimized design that delivers a 10% reduction in tare weight, resulting in the highest payload capacity in their class.

Material Handler Lineup is built in North America and includes the all-new BMH80A and BSH40 Forestry Material Handlers, as well as the proven BMH40A and BMH60A (the BMH60A will be featured on site).

Brandt will also have hydrovacs at the indoor booth and utility trailers and attachments at the Festival Grounds booth. Brandt representatives will be at both booths, ready to sit down and talk with anyone interested in learning more about the company and our products.
