Powertrain Relife Plus

JOHN DEERE

GIVE YOUR MACHINE *NEW LIFE.*

Wear, harsh environments, and challenging operating conditions attack your machine every day. It fights a good fight, but eventually, you're going to need to call in some reinforcements.

The John Deere Powertrain ReLife Plus program will give your machine a fresh start with:

- A thorough machine inspection by a certified technician.
- A complete set of John Deere Reman powertrain components.
- A John Deere Powertrain ReLife Plus warranty.

Plus, your John Deere dealer will help you understand the inspection results so you can tailor the program precisely to your needs and optimize total owning and operating costs.

Powertrain ReLife Plus will help you win the daily battle against downtime, and win the war on machine repair expenses.

PROTECT YOUR BOTTOM LINE

WARRANTY

We stand behind our products, which is why we provide a standard one-year warranty on all John Deere Reman components when installed by your John Deere dealer.

We understand that doing business involves risk, so we're letting you choose how to protect your investments. With the Powertrain ReLife Plus program, you can extend the warranty coverage on major powertrain components replaced under the program to three years/5,000 hours or two years/6,000 hours.

FINANCING

Our commitment to quality products and customer support doesn't stop at your machine. Our financing options provide solutions for managing your costs and increasing your profitability.

John Deere Financial provides no-payment and no-interest options followed by low interest rate terms, allowing you to get your machine back on the job generating income before you make a payment. Contact your local dealer for more information on available financing options.

WHEN YOUR MACHINE'S HOURGLASS STARTS TO RUN OUT AND TRADING IT ON A REPLACEMENT ISN'T IN THE CARDS, CHOOSE JOHN DEERE POWERTRAIN RELIFE PLUS FOR A COMPREHENSIVE REPAIR SOLUTION TO EXTEND THE LIFE OF YOUR MACHINE.

WE ARE LISTENING TO YOU

The Powertrain ReLife Plus program is our answer to your request for a flexible program that puts you in the driver's seat when it comes to making decisions about extending the life of your machine. Based on the results of a thorough ReLife inspection, your John Deere dealer can help you design a one-of-a-kind machine-rebuild program that targets areas of the machine that need attention. Compare this customizable approach to other more rigid machine-rebuild programs and you will see that John Deere Powertrain ReLife Plus lets you choose the best extended-life solution for your machine.
