

Announcement

October 11, 2013

We're pleased to announce that Cedarapids® and CMI® road building equipment is now available at Brandt Tractor dealerships nationwide.

Bomag's recent purchase of Cedarapids® and CMI® product lines means you're now able to source additional brands of rugged and durable road building equipment from Brandt Tractor dealerships across Canada, including our new locations in Fredericton, Moncton, Bathurst, Sydney, and Halifax.

Brandt is pleased to be the exclusive dealer of BOMAG light equipment and parts in western Canada and now in eastern Canada too, with its recent acquisition of Wallace Equipment. As an established leader in the construction industry, and home to the best-trained and equipped sales, parts and service team in the business, Brandt Tractor is the ideal group to represent the Bomag, Cedarapids, and CMI brands.

Customers can expect increased variety and access to these new products along with corresponding service and support. With 27 Brandt locations across Canada, a fleet of 200 service trucks, and our trusted team of parts & service experts, Brandt delivers unrivalled customer support. Our priority is to help keep you productive and profitable by lowering your equipment operating costs and ensuring maximum uptime for your fleet. Our goal is to exceed your expectations, and now with an expanded product line we look forward to delivering powerful value like never before.

Sincerely,

A handwritten signature in black ink that reads "Shaun Semple".

Shaun Semple

President, Brandt Tractor
